

Making Animated Drawings

In this pathway children are introduced to the idea that animations can be made by sequencing drawings. After exploring the work of other artists making drawn animations, children make simple “paper puppets” with moving parts. Pupils also make a “background” for their puppets, and if you wish, then go on to make very simple animations using tablets.

Key Concepts:

- That artists can make animations by creating drawings which move in a sequence.
- That we can use all our mark making skills and imagination to make our drawings visually engaging.
- That we can use our moving drawings to share narratives.
